

Les Chevaliers des Vins de France is proud to present

We're going to be tasting Chablis !

7PM Tuesday, March 15th 2011 at the Listel Hotel
1300 Robson St. Vancouver

The cost is only \$55 for members
and \$65 for guests and non-members.

The tasting will be led by **Jon Ellison of Marquis Wines**, who will guide us through the complexities of this underestimated and somewhat misunderstood wine.

If you're one of the people who say "ABC - Anything But Chardonnay", then you need to attend this tasting. Chablis is arguably one of the most famous wines in the English speaking world, ranking right up there with Champagne, Bordeaux and the other great wines of Burgundy, however, truth be told, very few people know much about Chablis. Despite being considered as part of Burgundy, Chablis really is its own entity. Sure the wines are produced from the noble Chardonnay grape, but they have a flavour and taste profile that is very distinct from the rest of the whites produced in the Côte d'Or. The thing that sets the wines of Chablis apart from the rest of Burgundy is without a doubt the "terroir" that lies beneath its vineyards. The under-pinning of Chablis is the famed Kimmeridgian soils which imparts great flavours, complexity and depth to the wines. With 7 Grand crus, over 40 premier crus, Village wines and generic Chablis there diversity of wines and wine styles produced in this region is immense. Come join us for a guided tour of this great region and sip, swirl, and spit your way through a selection of some of Chablis' finest.

Here is the list of wines you're going to be enjoying:

- Dom. des Malandes 08 Petite Chablis
- Dom. des Malandes 05 Chablis "Vaudésir" Grand Cru
- Dom. Servin 04 Chablis "Blanchots" Grand Cru
- Dom. Servin 08 Chablis "Les Clos" Grand Cru

Our last tasting, the fabulous wines of Côtes de Nuits, sold out very fast. While not every tasting sells out, or this fast, why take chances when we have such great wines for you?
