***Bill Blatch***

There has been a lot of work done arranging this tasting as the ONLY date that Bill was going to be in this part of North America and available is Wednesday Sept. 21, 2011. Sid travels the world doing what we would all love to be doing, tasting wine and food. Bill is based in Bordeaux and is consulted by all the top wineries and wine writers for his intimate knowledge of all things affecting the grapes of Bordeaux. Do a search for "Bill Blatch" to see the amount of information and references that come up.

The vertical of the wonderful Nairac Sauternes will be: 1989, 1990, 1996.

For those of you not overly familiar with Lynch Bages, which is consistently rated in the mid-nineties by Parker, a quick search reveals average prices--not including tax--or our wonderful border duties if you can get it into Canada, for the following vintages: The amazing Lynch Bages vertical will consist of:

1985-\$250 / 1986-\$229 / 1988-\$200 / 1990-\$352 / 1995-\$198 / 2003-\$144

and just for reference-- 2007-\$89 each--ok vintage--currently only 9 available in BC stores. 2009-\$188 each--future-sale at Marquis Wines ended Dec. 31/10 for delivery Autumn of 2012.
